Thu, 21 Jun 2018 09:05:00 GMT - Veganism is the practice of abstaining from the use of animal products, particularly in diet, and an associated philosophy that rejects the commodity status of animals. A follower of either the diet or the philosophy is known as a vegan. Distinctions are sometimes made between several categories of veganism. Dietary vegans (or strict vegetarians) refrain from consuming animal products, not only ...

Thu, 21 Jun 2018 14:20:00 GMT - My personal experience is that you can overdo the fat and drive insulin resistance by pushing fat too hard. If you exceed your "personal fat threshold" [1], your adipose tissues will become insulin resistant, and the body will start pushing excess energy to the vital organs. While there is no need to fear fat, there is no reason to go hog wild to compensate for the butter and bacon ...
